To avoid this, you can arrange for your interest to be paid directly to another bank or building society account. Monthly interest is paid directly to another bank or building society account.

Additional information

If you change your mind after you've opened your account, don't worry. If you tell us within 14 calendar days, we'll give you your money back with interest straight away.

We pay your interest gross. The gross rate is the interest payable before the deduction of tax.

You should also read the Specific Terms and Conditions and the General Terms and Conditions which relate to this account.

We'll write to you, within 14 days before your bond matures, with details of your maturity options including how you can re-invest your savings with us or take out some or all of your money. If we don't hear from you, we will transfer your balance to either another Fixed Rate Bond of a similar or shorter term or, if such a bond isn't available at the time, an easy access account.

Did you know?

Gross is the rate of interest payable before the deduction of tax.

AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and added each year. All rates quoted are correct as at 12/04/2024.

Identification – When you open an account with the West Brom we may need to confirm your identity. For full details on why this is required and the types of identification accepted please refer to the Society's 'Important information on identification' leaflet.
